

Illustrator CS Essential Training

Learning Adobe Illustrator CS with Jeff Van West is a movie-based tutorial developed for new Illustrator users, or intermediate users upgrading from previous versions of the software. The training begins by providing a thorough overview of Illustrator CS's primary tools and quickly advances to cover basic drawing, coloring, editing, transparency, blending, type, special effects including 3D and much more. Along the way, you'll learn tips and examples that streamline workflows and maximize productivity. Exercise files accompany the training, allowing you to follow along and learn at your own pace.
