

Immigration Stories

Immigration Stories brings together highly readable accounts, written by distinguished legal scholars, of 13 canonical cases that illustrate how immigration law is actually made. The authors illuminate the laws development by emphasizing the choices made (and foregone) before and during each of the litigations, including choices by immigrants and advocacy groups, private and government lawyers, Congress, the executive branch, and judges. These accounts are concerned less with legal doctrine than with the human dramas and tactical decisions that surround and give shape to that doctrine. Designed to bring the law to vivid life, this book is highly recommended as a supplement to the traditional immigration law casebook.

We recently asked members of the BuzzFeed Community to share their families immigration stories. Here are some of their moving stories. LOS ANGELES WHEN we talk about immigration to America, we tell a hopeful story about courage and sacrifice. But that story obscures the Immigrants are taking a beating on television, at political rallies, even on capitol hill. But on the Forbes 400, its a love story.
