

Special Edition Using Microsoft FrontPage 2000

Special Edition Using Microsoft FrontPage 2000 is an all-in-one guide to designing, creating, and publishing on the World Wide Web and on intranets with the leading tool on the market. The book fully documents the product and its features, but it also gives you a solid foundation in the principles of planning and design. More advanced coverage shows you how to integrate Web sites with databases and add Dynamic HTML, XML, and Java applets to your Web sites.
