Wolverine's past is full of nasty characters, but few as fiendish as the White Ghost, a murderous mercenary whom Logan thought he'd left for dead during his spy years! But this Ghost won't be laid to rest until he's run Wolverine through a gauntlet of Adamantium weapons, killing the mutant maverick with the very metal that saved his life so many times! Unwilling to risk his friends, Wolverine stands alone in a story of intrigue, romance and devastation, culminating in a clash between two killers! Collects Wolverine #119-122.
